

TREE OF LIFE
is now
TIM ROWELL COUNSELING!!!

It's a new year and it's a new look and more efficient.

Over the past year, Tree of Life has gone through many transitions. We are making a major change in 2025. Circumstances have motivated us to provide QUALITY services that are more CONVENIENT to our patients and at a more AFFORDABLE price with new INNOVATIVE access to your therapist!

CONVENIENT

Services can be offered nearly anytime, day or night. All services will be provided through any mobile device, this includes your telephone, tablet, or computer. An email invitation utilizing Google Meets will be sent to your email on file. There is no need to download any software as this can be opened in any browser and there will be no need to login to new software.

You can literally be at home sitting on your couch and receiving counseling services. No need to waste an hour driving to an office when you can engage in services from the safety and convenience of your own home!

QUALITY

Counseling services are still provided by Tim Rowell who is a Licensed Clinical Social Worker in both Florida and Alabama.

INNOVATIVE

This change is allowing us to provide services in innovative ways as well. If you need to speak with your counselor by telephone or via text message in between therapy sessions simply place a phone call or send a text message. Your therapist will respond quickly and help you through a difficult time helping you to practice skills discussed during your formal therapy sessions. No longer do you have to wait and try to remember to tell your therapist two weeks later about the experience. Send a text message or place a phone call, your therapist is available Monday through Friday 8 AM until 8 PM Central Standard Time.

AFFORDABLE

We are using a new model that we believe will make services more affordable for each of you. Rather than having to worry about co-pays and whether we take your insurance etc we are participating in a membership model. What does this mean? This means

depending upon which membership plan you elect you will pay that fee automatically with the debit or credit card you have placed on file on the first day of each month. Afterwards just work with your therapist and don't worry about making co-pays etc. This is very similar to subscription based services for streaming media such as Netflix or Apple Music.

Services are able to be canceled at any time with a 30 day written notice. There are no annual contracts or requirements. You are also able to transition to a different plan at any time with 30 days notice.
